Professional Summery

"I possess a strong foundation in programming languages as well as experience with software development methodologies and tools. Eager to apply my academic knowledge and develop my skills in a practical, real-world setting, I am seeking an internship opportunity where I can contribute to innovative projects, collaborate with experienced professionals, and gain valuable industry experience."

Education

- BSc (Hons) In Information Technology - Sri Lanka Institute of Information Technology (Specialization in Software Engineering) Successfully completed.
- G.C.E Advanced Level 2020
Successfully Passed in Physical Science Stream.
- Ordinary Level 2016
Successfully Passed.
- CMJD JAVA Program 2021

Experience

Global Cloud Media

Intern Software Engineer
2024 Aug – 2025 Feb (6 months)

- Assisted in building reusable and maintainable frontend modules aligned with UX design guidelines.
- Integrated RESTful APIs and handled data rendering with Axios and Fetch methods..
- Debugged UI/UX issues and improved web performance and responsiveness.
- Learned and applied best practices in code optimization, version control (Git), and cross-browser compatibility.

Technical Skills

- **Programming Languages:**
Java, HTML, C++, C, PHP, JavaScript, Python
- **Web Development:**
HTML, CSS, JavaScript, React, Angular
- **Backend Development:**
Familiarity with server-side languages like Node.js, Django, Ruby on Rails, or Spring Boot.
- **Database Management:**
Experience with SQL databases (MySQL) and NoSQL databases (e.g., MongoDB).
- **Tools :**
Eclipse | Codeblock | Visual Studio | AndroidStudio | Git | GitHub | DMS | XAMPP | ASP.NET | MVC.
- **Mobile Development:**
Experience with Android (Java/Kotlin) or iOS (Swift)

Projects

- **Job Management System**
(Mobile Application) university Project – MAD Module

Position held - Team Member

Helped team members to debug the code and integrate the project

Used tools & Technologies – Kotlin |Firebase | Android Studio | Manual Testing | Requirement gathering | SDLC.

- **Work from Home Management System**
University Project - ITP Module

Position held – Leader

Guide the team and helped to the development of the project

Used tools & Technologies - MongoDB| Express JS | React JS |Node JS | VS Code | Postman |Git Hub | Unit testing

Global Cloud Media

Associate Software Engineer

2025 Feb – Current

- Developed responsive UIs using React.js, HTML5, CSS3, and JavaScript
- Supported backend tasks with Node.js, Express.js, and MongoDB
- Managed hosting via cPanel (file uploads, domain setup, email accounts, phpMyAdmin)
- Integrated APIs and handled state with React Hooks and Redux
- Participated in Agile sprints and used Jira for task tracking
- Used Git for version control and contributed to code reviews and testing

Languages

English (Fluent) | Sinhala (Native)

Self-Learning & Certification

- Java In-Depth: Become Complete Java Engineer - Udemy (2024)
- NodeJS - The Complete Guide (MVC, REST APIs, Graph, Deno) The complete react native course – Udemy (2024)
- The Complete React Native from Zero to Hero – Udemy (2024)

Other Interests

- Graphic Design
- UI/UX Design

- **Udemy Clone Web Site**

University Project DS Module

Position held – Team Leader Used tools &

Technologies – React | Node JS | MongoDB | Dockers | Kubernetes | GitHub | Postman | Unit testing | System related diagrams | Use case | Wireframes

- **Event Management System**

University Project – OOP Module

Position held – Team Member

Used tools & Technologies – Java | MongoDB | OOP Concepts | GitHub | VS code

- **Frontend Project using NASA Api**

University Project-AF Module

Position held – Individual Project

Self-studied about the APIs and developed the Project

Used tools & Technologies – React | Bootstrap | MongoDB | Nasa API | GitHub | VS code

Personal Skills

- Ability to work within deadlines individually and as a team.
- Good interpersonal, analytical, problem solving and presentation skills.
- Ability to work under pressure.
- Clearly articulating ideas and concepts to both technical and non-technical audiences.
- Has good time management skills and Organized Knowledgeable in Software Developing.

Extracurricular Works

- SLIIT Leo club committee member
- SLIIT Rotaract club committee member
- Coordinating SLIIT Annual Get Together
